Code and Branch Coverage Analysis

1. Code Coverage Analysis

```
$ python3 -m coverage run -m pytest CodeCoverageTest_warranty_claims.py -q
......                                                                   [100%]
6 passed in 0.01s

$ python3 -m coverage report -m
Name                                 Stmts   Miss  Cover   Missing
------------------------------------------------------------------
CodeCoverageTest_warranty_claims.py     23      0   100%
warranty_claims.py                      37      0   100%
------------------------------------------------------------------
TOTAL                                   60      0   100%
```

2. Branch Coverage Analysis

```
$ python3 -m coverage run --branch -m pytest BranchCoverageTest_warranty_claims.py -q
..............                                                           [100%]
